INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Township of Marple
Broomall, Pennsylvania

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, the discretely presented component unit and the aggregate remaining fund information of the Township of Marple, Broomall, Pennsylvania as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the discretely presented component unit and the aggregate remaining fund information of the Township of Marple, as of December 31, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Township and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension information and post-employment information be presented to supplement the basic financial statements and may be found on pages 4 through 15, 57, and 58 through 61. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB) which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the Township's basis financial statements. The balance sheet and statement of revenues, expenditures, and changes in the fund balance – general fund are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the balance sheet and statement of revenues, expenditures, and changes in fund balance – general fund are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2024, on our consideration of the Township of Marple's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township of Marple's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Marple's internal control over financial reporting and compliance.

**TOWNSHIP OF MARPLE
MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)
DECEMBER 31, 2023**

Our discussion and analysis of the Township of Marple, Pennsylvania provides an overview of the Township's financial performance for the calendar year ended December 31, 2023. Professional standards require the inclusion of certain comparative information in the Management's Discussion and Analysis (MD&A). Please consider the information presented here in conjunction with the Township's financial statements, which begin on page 15.

FINANCIAL HIGHLIGHTS

Highlights for Government-Wide Financial Statements (Full Accrual Basis):

The government-wide financial statements report information about the Township as a whole using the economic resources measurement focus and accrual basis of accounting.

- The liabilities of Marple Township's governmental activities exceeded its assets at the close of the most recent fiscal year by \$15,248,372 (representing its net position). Proprietary funds' assets exceeded their respective liabilities by \$4,950,233.
- Total revenues of the Township's 2023 governmental activities were \$20,283,128 (without regard to transfers between governmental activities and business type activities), and expenses totaled \$18,134,712. This compares to 2022 activity of \$17,325,771 in revenues and \$117,069,130 in expenses. While most revenue streams remained consistent this period, there was an increase in the operating grants and contributions, but a decrease in general charges for services, particularly in general governmental fees. Expenses in the government activities increased this year by \$1,065,582 or 6.0%. The driving factor of this overall increase was due to a significant increase of general government expenditures. Public safety costs were also increased in this period as well by 1.95%.
- Township revenues increased within the business type activities to \$9,191,994, an increase of .88% from the prior year. Operating expenses of business-type activities in 2023 decreased to \$8,395,883 or about .88%, excluding transfers out and debt related costs. Pension expense, as in the governmental activities, decreased as a result of actuarial changes. In addition, treatment costs within the Sewer fund actually decreased and the general services within the Paxon Hollow Fund increased slightly. Further, refuse charges from the waste management authority were increased this year by 11.97%.

Highlights for Fund Financial Statements (Modified Accrual):

The fund financial statements provide more detailed information about the Township's most significant funds using the current financial resources measurement focus and modified accrual basis of accounting:

- The Township's governmental funds reported a combined fund balance of \$9,870,672 as of December 31, 2023. This is an increase from the prior year of \$2,339,657 which includes proceeds of debt in the amount of \$3,932,000.
- At December 31, 2023, the General Fund reported a fund balance of \$1,966,213, a decrease of \$1,241,150, inclusive of transfers from the proprietary funds in the amount of \$425,000, transfers from the Highway Aid Fund for highway and streets repair and maintenance in the amount of \$723,194, and from the American Rescue Plan Act fund for \$4,019. Asset to liability ratio did remain stable this period with a slight decrease. The Township asset to liability ratio is indicative of a continued strong financial position. Cash increased with receivables decreased and other assets remained relatively consistent. Liabilities increased in the area of accounts payables.
- Expenditures in the total government activities decreased by \$1,375,721 including \$2,223,056 in capital expenditures (a decrease in capital outlay with the prior year in the amount of \$2,194,819). While many functional governmental expenditures remained stable from the prior year, pension costs increased approximately 11%, and public safety increased approximately 3%
- The Township this period recognized \$1,517,507 of the unearned revenue from American Rescue Plan Act funding. The Township expended \$1,517,507 of that funding in 2023 leaving the balance of \$741,156 being reported as unearned revenue on these financial statements. The Township officials are in the process of planning infrastructure improvements within the parameters of the grant award.
- Debt service increased slightly this period as a result of new debt incurred this period.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities present information about the activities of the Township as a whole and present a longer-term view of Marple Township's finances. In the governmental funds, the statements explain how services were financed in the short term as well as what remains for future spending. The proprietary fund financial statements also report the Township's operations in more detail than the entity-wide statements by providing information about the Township's most significant funds. The remaining statements provide financial information about activities for which the Township acts solely as a trustee or agent for the benefit of those outside of the government.

The accompanying financial statements have been prepared in accordance with GASB Statement 34 and present both government-wide and fund level financial statements using both the accrual and modified accrual basis of accounting, respectively.

Government-Wide Financial Statements

The first two statements are government-wide financial statements – the Statement of Net Position and the Statement of Activities. These provide both long-term and short-term information about the Township's overall financial status.

The government-wide statements report information about the Township as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The government-wide statements report the Township's net position and how it has changed. Net position, the difference between the Township's assets and deferred outflows of resources and its liabilities and deferred inflows of resources, are one way to measure the Township's financial health or position. Over time, increases or decreases in the Township's net position are an indication of whether its financial health is improving or deteriorating, respectively.

In the Statement of Net Position and Statement of Activities, we divide the Township into three categories:

- **Governmental Activities** – Most of the Township's basic services are reported here, including the police, code enforcement, engineering, fire, ambulance, general administration, public works, parks and recreation. Also included is the Capital Projects Fund which includes highway, road and sewer construction projects.
- **Business-Type Activities** – The Township charges homeowners and/or businesses a fee to help offset all or most of the cost of certain services it provides. The Township sewer and refuse activities are reported here. The Township also includes the Paxon Hollow Golf Course operation in this report.
- **Component Unit** – Although legally separate, the Library is important because of the Township's financial accountability.

Fund Level Financial Statements

Our analysis of the Township's major funds provides detailed information about the most significant funds – not the Township as a whole. Some funds are required to be established by State law and by bond covenants. However, the Board of Commissioners establishes other funds to help it control and manage money for particular purposes (Special Revenue Funds) or to show that it is meeting legal responsibilities for using certain taxes, grants and other money (Capital Projects Fund). The Township's three types of funds – governmental, proprietary and fiduciary – use different accounting approaches.

- **Governmental Funds** – Most of the Township’s activities are reported in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. Governmental funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Township’s operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the Township’s programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.
- **Proprietary Funds** – When the Township charges homeowners and businesses for the services it provides (in the Refuse and Sewer Funds) these charges are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities but with an accompanying Statement of Cash Flows. The Township’s enterprise fund, Paxon Hollow Golf Course is also considered a proprietary fund.
- **Fiduciary Funds** – The Township is the trustee, or fiduciary, responsible for other assets that because of a trust arrangement can be used only for the trust beneficiaries. All of the Township’s fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. We exclude these activities from the Township’s other financial statements because the Township cannot use these assets to finance its operations. The Township is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Infrastructure Assets

The Township implemented the all model portions of GASB Statement No. 34 effective January 1, 2003, including the reporting of infrastructure. Historically, a government’s largest group of assets (infrastructure – roads, streetlights, storm sewers, etc.) had not been reported nor depreciated in governmental financial statements. This statement requires that these assets be valued and reported within the Governmental column of the Government-wide Statements. Additionally, the government must either 1) depreciate these assets over their estimated useful lives, or 2) develop a system of asset management designed to maintain the service delivery potential to near perpetuity. If the government develops the asset management system, (the modified approach) which periodically (at least every third year) by category, measures and demonstrates its maintenance of locally established levels of service standards, the government may record its cost of maintenance in lieu of depreciation. The Township has elected to depreciate all assets over their useful lives.

FINANCIAL ANALYSIS OF THE TOWNSHIP – GOVERNMENT-WIDE STATEMENTS

Net position may serve over time as a useful indicator of a government's financial position. In the case of Marple Township, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources in the governmental activities by \$15,248,372. Business type activities assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$4,950,233. The following table presents condensed comparative information for the net assets of the Township for calendar years 2023 and 2022.

TOWNSHIP OF MARPLE SUMMARY OF STATEMENTS OF NET POSITION DECEMBER 31,						
	Governmental Activities		Business Type Activities		Total	
	2023	2022	2023	2022	2023	2022
Assets:

Changes in net assets	\$ 2,006,215	\$ (434,201)	\$ 832,157	\$ 369,959	\$ 3,001,915	\$ 825,307

There are eight basic impacts that can affect revenues and expenses on an annual basis. They are as follows:

Revenues:

1. **Economic condition** can reflect a declining, stable or growing economic environment and has a substantial impact on property, business, mercantile or other tax revenue, as well as public spending habits for building permits and elective user fees.
2. **Changes in Township approved rates** – While certain tax rates are set by statute, the Township Board of Commissioners has significant authority to impose and periodically increase or decrease rates (real estate tax millage, sewer rental fees, refuse fee, building fees, user fees, etc.).
3. **Changing patterns in intergovernmental and grant revenue (recurring and nonrecurring)** – Certain recurring revenues (state-shared revenues, block grant, etc.) may experience significant changes periodically, while non-recurring (or one time) grants are less predictable and often distorting in their impact on year-to-year comparisons.

4. **Market impacts on investment income** – The Township's investment portfolio is managed using a longer average maturity on capital funds. Market conditions cause investment income to fluctuate with the economic environment.

Expenses:

1. **Introduction to new programs** – Within the functional expense categories (public safety, public works, refuse, sewer, etc.), individual programs may be added or deleted to meet changing community needs and requirements.
2. **Increase in authorized personnel** – Changes in service demand may cause the Township Board to increase or decrease authorized staffing. Personnel costs (salary and related benefits) represent approximately 50% of the Township's primary program expenses.
3. **Salary increases (annual adjustments and merit)** – The ability to attract and retain human resources requires Marple Township to strive to approach a competitive salary and range position in the marketplace.
4. **Inflation** – While overall inflation appears to be a factor through year end 2023, the Township is a major consumer of certain commodities such as supplies, fuels, and parts. Some functions experience unusual commodity-specific increases.

Governmental activities within the Government Wide – changes in net position

Revenue from Marple Township's governmental activities in 2023 totaled \$20,283,128, increased from 2022. Sources of revenue were primarily from property taxes, business privilege taxes, mercantile taxes, public safety related charges and operating grants and contributions and charges for services. Overall, revenues increased, about 17% from 2022. Taxes comprise the largest source of Township revenues (62.9%), amounting to \$12,757,407 in 2023. Property taxes represent \$8,465,387 (41.74% of revenue) with business and deed transfer taxes accounting for the balance. The increase in governmental revenues from the prior year was primarily reflective of an increase in operating grants and contributions during the period. Expenses of all governmental activities this year totaled \$18,134,712, an increase of \$1,065,582 from 2022. Public safety, which accounts for the largest program expenditures (\$7,908,975 or 43.61% of governmental expenditures) increased this period by some 6% but remained a consistent percentage of total governmental expenditures.

Business-type activities – changes in net assets

Marple Township maintains three major enterprise funds, the Sewer Fund, Refuse Fund, and Paxon Hollow Fund. The combined revenue from these funds was \$9,190,994 in 2023, inclusive of operating grants and interest income for the period. This represented an increase in total revenues from the prior year (about 1.0%). Sewer fund revenues decreased some \$208,873; refuse fees increased \$14,937; and Paxon Hollow revenue increased \$249,439 during the period. For business-type activities, total operating expenses for 2023 decreased \$28,209 or approximately .3% compared to calendar year 2022. Treatment costs within the sewer fund decreased this period by 4.3%. Further, solid waste disposal rates increased \$97,579, about 12%, as a result of disposal costs

increases, which may continue in coming years. Paxon Hollow revenues increased slightly but were consistent with the prior year as pandemic impact continued to lessen. Expenses for Paxon Hollow remained consistent this period.

Financial analysis of governmental funds

The Township uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. The focus of the Township's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such data is useful in assessing the Township's financing requirements. For example, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of a fiscal year.

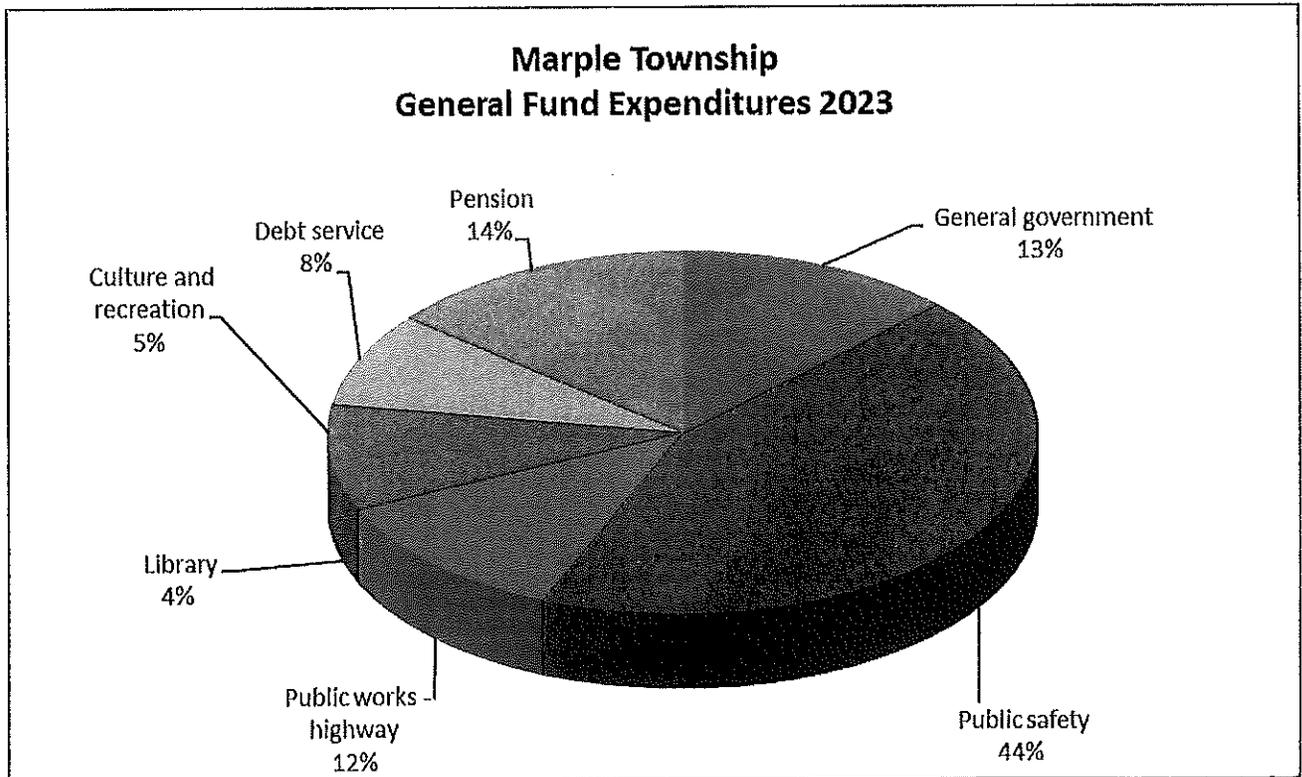

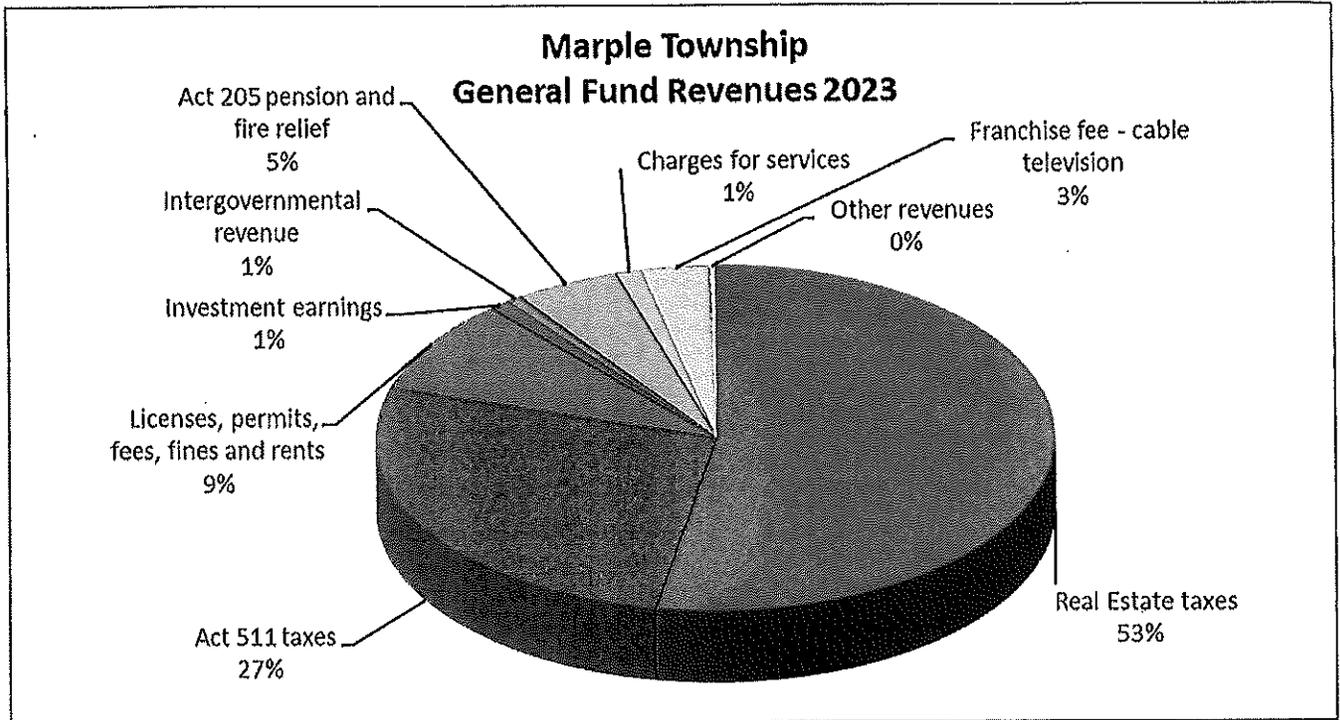

As the Township completed the year, its governmental funds reported a combined fund balance of \$9,870,672. The Township's general fund unassigned fund balance was \$786,577 as of December 31, 2023, which equals to 4.9% of 2023 total revenues and 4.3% of total expenditures, excluding operating transfers.

Maintaining a reasonable fund balance provides a "safety net" in the event of emergencies, economic downturns or other unforeseen circumstances. Without an adequate level of fund balance, these unforeseen amounts could create the need for a significant tax increase in a future period or create the need for borrowing. Bond rating services and the Governmental Finance Officers Association (GFOA) recommend, at a minimum, an unassigned fund balance of 5 to 15 percent of regular general fund operating revenues.

Revenues and other financing sources within the governmental funds for 2023 totaled \$22,991,185 including \$425,000 in transfers from proprietary fund and debt incurred proceeds of \$3,932,000. In 2023, operating revenues increased slightly, less than one percent. Local enabling taxes showed an increase of 2.4% in activity, again related to the post-pandemic easing of restrictions and increase in the workforce.

- Revenue from Act 511 taxes increased \$152,960, or 2.4% as noted above compared to 2022. These collections increased as the economy began to improve and the workforce was returning to normalcy.
- Collections for real estate taxes increased slightly (about .2%) during the period. Collection rate for the period was approximately 98 percent, consistent with prior years' activity and assessment changes.

Following is an analysis of General Fund showing the composition of revenue and expenditures:

General Fund Budgetary Highlights

Revenues

The statement comparing the Township's general fund budget to actual results can be found on page 56. Total actual revenues ended the year higher than budgeted revenue by approximately 3.6% or \$549,962. The following factors reflect the primary differences between budget and actual expenditures:

- Act 511 taxes were significantly higher than anticipated budget by \$378,778 primarily in the business taxes. Although the mercantile taxes and local services tax increased during the period as well.
- Certain grants and entitlements were slightly higher than anticipated
- Charges for services were slightly higher than anticipated.

Expenditures

Actual expenditures in the General Fund ended the year \$317,041 below budget (or approximately 1.7%) without regard to the funding of the Township's Post Employment Benefit Trust or operating transfers. This is despite capital outlays in the amount of \$6,286 within the General fund. The Township was able to maintain expenditures below anticipated levels through stringent monitoring and evaluation of position requirements particularly in the areas of public safety and public works. The Township did not expend any functional area in excess of appropriation other than general government (\$172,890) pension (\$6,188) and debt interest (\$33,772).

Capital assets and long-term debt administration

Capital assets – governmental activities

The Township's investment in capital assets for its governmental activities for calendar year ended December 31, 2023 is \$25,625,987 net of accumulated depreciation. Major capital assets acquired and improvements made during the year out of the operations and capital project funds totaled \$2,223,056 consisting primarily of vehicles, equipment and infrastructure improvements such as follows:

- Police vehicles
- Improvements to Veteran's Park
- Storm sewer improvements
- Road paving throughout the Township
- Park equipment and renovations
- Public Works vehicles and equipment

Capital assets – business-type activities

The Township's investment in capital assets for its business-type activities as of December 31, 2023 is \$5,799,536 net of accumulated depreciation. Assets in these activities consist of the golf course improvements, sanitary sewer system, rolling stock, and equipment. A total of \$1,556,262 in capital assets were purchased during the year consisting of:

- Club House improvements
- Golf Course improvements

Long-Term Debt

As of December 31, 2023, Marple Township's outstanding debt portfolio consisted of \$31,358,000 in general obligation notes.

	Principal Outstanding 01/01/23	Refunding/ Maturities	Additions	Principal Outstanding 12/31/23	Amounts Due in One Year
General obligation note series A of 2015	\$ 5,009,120	\$ 348,000	\$ -	\$ 4,661,120	\$ 348,680
General obligation note series B of 2015	481,880	31,000	-	450,880	29,640
General obligation note series C of 2015	631,000	207,000	-	424,000	208,000
General obligation note Series A of 2019	4,593,000	232,000	-	4,361,000	171,000
General obligation note Series B of 2019	2,397,000	149,000	-	2,248,000	152,000
General obligation note Series C of 2019	3,091,000	1,000	-	3,090,000	1,000
General obligation note Series D of 2019	2,403,000	101,000	-	2,302,000	158,000
General obligation note Series of 2022	7,814,000	108,000	-	7,706,000	124,000
General obligation note Series of 2023	-	-	6,115,000	6,115,000	3,000
	<u>\$ 26,420,000</u>	<u>\$ 1,177,000</u>	<u>\$ 6,115,000</u>	31,358,000	1,193,320
Net pension obligation				14,032,724	-
Other post employment benefit obligation				12,217,199	-
Severance pay				93,694	-
Total long term liabilities				<u>\$ 57,701,617</u>	<u>\$ 1,193,320</u>
Governmental Funds	\$ 26,476,120				
Proprietary Funds	4,881,880				
	<u>\$ 31,358,000</u>				

State statutes limit the amount of general obligation debt a governmental entity may issue to 250 percent of its average borrowing base (average revenues over the past three years). The Township's current allowable debt borrowing is approximately \$45 million. As of December 31, 2023, the Township's remaining borrowing capacity is approximately \$15 million.

Additional information about the Township's long-term debt can be found in Note 9 on page 46 of this report.

Economic factors and next year's budgets and rates

- Marple Township continues to maintain a diversified revenue base should there be any short-term fluctuations in any one revenue source.
- In 2023, there was no increase in resident refuse rates. Rates were \$300 curbside and \$430 for rear pickup. Delaware County Solid Waste Authority (DCSWA) began assessing a disposal fee of \$ 15.90 per ton in 2009 increasing to \$23.45 in 2010, 2011 and 2012. This rate increased to \$33.00 in 2013 per ton and remained unchanged through December 31, 2018. An additional \$20 per ton was assessed to the Township by the Authority beginning January 1, 2019

resulting in increased fees to residents. Again in 2022, rates climbed to \$78.00 per ton and are expected to continue to increase in subsequent years..

- The sewer rate of \$8.25 per thousand gallons used for calendar year 2022 increased 3% to a rate of \$8.50 per thousand gallons in 2023 and is expected to increase again in 2024 due to significant water treatment cost and capital improvement made by both sewer authorities.
- Real estate tax millage in 2023 was \$2.45 per \$1,000 of assessed value which remained the same as 2022. The median assessed value in Marple Township is approximately \$ \$337,600. Based on this value, the average real estate tax bill in the Township for 2023 was \$827.27.
- Marple Township continues to maintain a “AA” Bond Rating from S&P, with a stable outlook. An “AA” rating generally indicates that the Municipality has a very strong capacity to meet financial commitments. Our strong general fund balance contributed to this excellent rating.
- The Township provides Other Post Employment Benefits to its police officers. These other post employment benefits, known as OPEB, include healthcare, as well as other retiree benefits that are not a part of a pension plan. Currently, only uniformed police officers are eligible for these benefits. In the past, the Township accounted for and financed these benefits on a “pay as you go” (PAYGO) basis. They are now treated for accounting purposes on an accrual basis similar to pensions. The Township has established an OPEB trust fund which it continues to fund annually. The Trust, pursuant to the most recent actuarial study is underfunded and the Township has accounted for this as shown in the long-term liability section of these financial statements. The Township continues to pay the current costs for the post-employment benefit liability from the General Fund and will continue to fund the Trust accordingly. Net position of the OPEB Trust Fund at December 31, 2023 was \$3,169,953..
- All these factors were considered in preparing the Township’s budget for the 2024 fiscal year.

Requests for Information

These financial statements and discussions are designed to provide our citizens, taxpayers, investors, and creditors with a complete disclosure of the Township’s finances and to demonstrate a high degree of accountability for the public dollars entrusted to us.

Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Director of Finance, Township of Marple, 227 South Sproul Road, Broomall, Pennsylvania 19008-2397. Separately issued financial statements are available for the Township’s component unit, the Marple Public Library.

General information relating to Marple Township can be found on its website at www.marpletwp.com.

THE TOWNSHIP OF MARPLE
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION

DECEMBER 31, 2023

Total fund balances - governmental funds	\$ 9,870,672
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of:	
Land	\$ 5,402,254
Infrastructure assets	16,537,309
Other capital assets	18,607,200
Construction in progress	513,632
Accumulated depreciation	<u>(15,434,408)</u>
Total capital assets	25,625,987
Some revenues may be collected after year-end but are not available soon enough for the current period expenditures and therefore are deferred in the governmental funds - unavailable taxes	
	195,382
Bond costs are expended in the funds but capitalized and amortized in the government-wide statements	
	3,128
Other Post Employment Benefits are paid currently in the governmental funds, but are accrued and transferred to a trust; the Township deficit funding of the trust is reflected on these statements as a liability	
	(12,217,199)
Pension and OPEB plan expense deferrals are capitalized and amortized in the government-wide statements (shown as net)	
	936,229
Some liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of:	
Bonds and notes payable and compensated absences and accrued interest and net pension obligation	<u>(39,568,877)</u>
Net position of governmental activities	<u><u>\$ (15,154,678)</u></u>

The accompanying notes to the financial statements are an integral part of this statement.

THE TOWNSHIP OF MARPLE

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND
BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

FOR THE YEAR ENDED DECEMBER 31, 2023

Net change in fund balances - total governmental funds	\$ 2,339,657
Amounts reported for governmental activities in the statement of activities are different because:	
<p>Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period these amounts were:</p>	
Capital outlay - inclusive of capital lease payment	\$ 2,223,056
Depreciation expense	<u>(1,514,613)</u>
	708,443
<p>Issuance of long-term debt and the repayment of long term debt is reported as an expenditure in governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. In the current year, these amounts consisted of:</p>	
Note proceeds	(3,932,000)
Principal repayment	997,680
Increase in severance pay accrual	(15,539)
Amortization of discount	(618)
Actuarial changes resulting in post employment liabilities	869,448
Decrease in pension costs as a result of actuarial changes	964,943
<p>Because some property taxes will not be collected for several months after the after the Township fiscal year ends, they are not considered "available" revenues and are deferred in the governmental funds. Deferred tax revenues are not reflected in the government wide financial statements and unavailable taxes in the governmental are included in revenue pursuant to accrual basis of accounting</p>	
	<u>74,201</u>
Change in net position of governmental activities	<u>\$ 2,006,215</u>

The accompanying notes to the financial statements are an integral part of this statement.

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Township's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

The more significant accounting policies established in GAAP and used by the Township are discussed below.

A. Reporting Entity

The Township is governed by an elected Board of Commissioners. Accounting principles generally accepted in the United States of America require that the financial statements present the Township and its component units, entities for which the Township is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the Township's operations and so data from these units are required to be combined with data of the primary Township. Each discretely presented component unit, on the other hand, is required to be reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the Township.

Discretely Presented Component Unit

The Marple Public Library serves the residents of Marple Township as well as the residents of Delaware County. The Library's governing board approves its own budget. However, the Library is fiscally dependent upon the Township because it receives a substantial portion of its operating funds from them and its building is occupied rent-free from the Township. The Library is presented as a governmental fund type and has a December 31 year end. Copies of the Library's financial statements may be obtained at the Library administrative office.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Township and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Township considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only a portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the Township.

The Township reports the following major governmental funds:

General Fund – The General Fund is the Township's primary operating fund. It accounts for all financial resources, except those required to be accounted for in another fund.

Highway Aid Fund - The Highway Aid Fund is a special revenue fund used to account primarily for State Highway grants and aid and expenditures related to roads pursuant to Commonwealth regulations.

DECEMBER 31, 2023**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Capital Projects Fund – The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital assets other than those financed by enterprise operations.

American Recovery Program Act Fund (ARPA) - The ARPA fund is used to account for these federal funds received by the Township. The Township received a total of \$2,515,825 in ARPA funding. A total of \$1,517,509 was expended this period. The balance of the funding received is shown as unearned revenue on these financial statements.

The Township reports the following major proprietary funds:

Sewer Fund – The Sewer Fund is used to account for the operations of the Township's sewer treatment systems.

Refuse Fund – The Refuse Fund is used to account for the operations of the Township's trash and recycling collection program.

Paxon Hollow Country Club Fund – The Paxon Hollow Country Club Fund is used to account for the operations of the Township's public golf course.

Additionally, the Township reports the following fund types:

Fiduciary Funds – Fiduciary Funds are used to account for assets held by the Township in a trustee capacity or as an agent for individuals, private organizations, or other governments. Pension Trust Funds, inclusive of the defined contribution fund, are fiduciary funds which account for the activities of the Police and Municipal Pension Plans, the Non-Uniform Defined Contribution Plan and OPEB Trust Fund, which accumulate resources for the pension benefit payments to qualified employees. The Township has adopted GASB No. 84, *Fiduciary Activities*, which established certain criteria for identifying fiduciary activities. Those funds shown within the Fiduciary Funds meet the criteria for inclusion.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services or privileges, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Township's Enterprise Funds are charges to customers for sales and services. Operating expenses for enterprise funds include the costs of sales and services, administrative expenses and depreciation on

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

For purposes of the statements of cash flows of proprietary funds, cash equivalents include all highly liquid debt instruments with original maturities of three months or less.

When both restricted and unrestricted resources are available for use, it is the Township's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities and Net Position or Equity

Deposits and Investments

With the exception of the Pension and OPEB Trust Funds, the Township is permitted under state law to invest funds consistent with sound business practice in the following types of investments:

Obligations of (a) the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, (b) the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth, or (c) any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.

Deposits in savings accounts or time deposits or share accounts of institutions insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation to the extent that such accounts are so insured and, for any amounts above the insured maximum, provided that approved collateral as provided by law therefore shall be pledged by the depository.

Fair Value Measurements

The Township's investments are measured and reported at fair value and are classified according to the following hierarchy:

Level 1—Investments reflect prices quoted in active markets.

Level 2—Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active.

Level 3—Investments which reflect prices based on unobservable resources.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk.

The Township considers all investments to be Level 1.

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due from other funds" (i.e., the current portion of interfund loans) or "due to other funds" (i.e., the current portion of interfund loans). All other outstanding balances between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All trade and property tax receivables are shown net of any allowance for uncollectibles. There is no property tax receivable allowance at December 31, 2023.

Deferred Inflows and Outflows of Resources

Deferred outflows of resources include such items as:

- Grants paid in advance to a grantee
- Deferred amounts from refunding of debt
- Decrease in value of derivative instruments
- Payments made to a pension fund after the actuarial year but before the end of the fiscal year

Deferred inflows of resources include such items as:

- Grants received in advance when time requirements are the only eligibility requirement that has not been met
- Resources received in advance that are related to an imposed nonexchange transaction such as prepaid taxes
- Assets recorded in governmental fund financial statements for which revenue is not available such as taxes receivable, previously reported as "deferred" revenue in the fund financial statements
- Current and advance refunding related items
- Increase in fair value of derivative instruments
- Service concession arrangements for upfront payments.

Inventories

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Township as assets with an estimated useful life in excess of one year and an initial, individual cost of more than \$2,000 for other than infrastructure assets and \$5,000 for infrastructure assets. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at date of donation.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during construction is not capitalized.

Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

Buildings	20-40 years
Land improvements	20 years
Infrastructure	20-40 years
Sewer system	25 years
Furniture and equipment	3-10 years
Golf course improvements	20 years
Golf course clubhouse	20 years
Book collection	5 years
Leasehold improvements	20 years

Compensated Absences

It is the Township's policy not to permit employees to accumulate earned but unused vacation beyond the current year. Township employees are credited with vacation at rates which vary with length of service or job classification. Vacation must be taken in the year in which it was earned but, with approval, may be carried over no later than March of the subsequent year. If separation of service occurs in the year earned, the unused balance of the amount earned is paid at separation.

Accrued Severance Pay

In accordance with the police union contract, when an officer terminates his employment (whether for normal retirement, service-connected disability, or non-service connected disability), he shall receive fifty (50) days severance pay at his then rate of pay. Any officer who had accumulated a given number of days of severance pay prior to January 1, 1987 under the provision then applicable to severance pay, will not lose credit for those accrued severance pay days. Any such days will, therefore, be added to rather than replaced by the fifty days (400 hours) severance pay.

TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts are considered to be deferred inflows or outflows of resources and amortized over the life of the bonds using the straight-line method which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed in the year of issuance. In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net position

Government-wide Statements

Equity is classified as net position and displayed in three components:

- a. Invested in capital assets, net of related debt—consists of capital assets including restricted capital assets net of accumulated depreciation and reduced by the outstanding balances of borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net position—consists of net position with constraints placed on the use either by outside groups such as grantors or laws and regulations of other governments; or through law.
- c. Unrestricted net position—includes all other net position that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

Fund Statements

Governmental fund equity is classified as fund balance. In the fund financial statements, governmental fund balance is presented in five possible categories:

Nonspendable — resources which cannot be spent because they are either a) not in spendable form) or; b) legally or contractually required to be maintained intact.

Restricted — resources with constraints placed on the use of resources are either a) externally imposed by creditors (such as through debt covenants),

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

grantors, contributors, or laws or regulations of other governments; b) imposed by law through constitutional provisions or enabling legislation.

Committed — resources which are subject to limitations the government imposes upon itself at its highest level of decision making, and that remain binding unless removed in the same manner.

Assigned — resources neither restricted nor committed for which a government has a stated intended use as established by the Board or an official to which the Board has delegated the authority to assign amounts for specific purposes.

Unassigned — resources which cannot be properly classified in one of the other four categories. The General fund is the only fund that reports a positive unassigned fund balance amount. Unassigned balances also include negative balances in the governmental funds reporting resources restricted for specific programs.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

NOTE 2 BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. An annual appropriated budget is adopted for the general fund. All annual appropriations lapse at fiscal year-end. Project-length financial plans are adopted for all capital projects funds.

The Township follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to October 31, a proposed operating budget is submitted to the Township Board of Commissioners for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted at the Township offices to obtain taxpayer comments. Prior to January 1, the budget is legally enacted through passage of an ordinance.
3. Budgeted amounts as of December 31, 2023 are as originally adopted, or as amended by the Township Board of Commissioners.

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 2 BUDGETARY INFORMATION (continued)

Expenditures in total were significantly under appropriations for the period. The only areas in which expenditures exceeded the budget are as follows:

General government	\$ 172,890
Pension	\$ 6,188
Debt interest	\$ 33,772

However, the Township had sufficient revenue and/or fund balances to allow for the expenditures.

The Required Supplementary Information which presents the General Fund budget to actual is provided in budgetary categories and does not segregate capital outlay as shown in the Statement of Revenues, Expenditures and Changes in Fund Balance. The Supplementary Information presenting the General Fund in detail also provides the information within its budgetary categories inclusive of capital outlay.

NOTE 3 DEPOSITS AND INVESTMENTS

Deposits – As of December 31, 2023, the aggregate bank balance included in cash and cash equivalents of the primary government, the fiduciary fund, and the component unit (Library) was \$17,564,153 of which \$500,000 is insured by the federal depository insurance (FDIC). Therefore, included in bank deposits is the remaining \$17,064,153 collateralized as noted below pursuant to Act 72. The Township maintains a cash checking account which is available for use by all funds. By State statute, the Township may appoint one or more depositories for Township funds and approve security to be furnished by any such depository. This security may be in the form of collateral consisting of obligations of the United States or the Commonwealth of Pennsylvania, or any political subdivision thereof, deposited with the bank or trust company. Pennsylvania Act 72 of 1971, as amended, allows depositories to satisfy the collateralization requirement by pooling eligible investments to cover total public funds on deposit in excess of federal insurance. Such pooled collateral is pledged with the financial institution's trust department.

Custodial Credit Risk – Deposits: Custodial credit risk is the risk that in the event of a bank failure, the Township's deposits may not be returned to it. The Township does not have a policy for custodial credit risk. In the normal course of business, the Township may have deposits that exceed insured balances. The remaining balances over insured limits are covered by collateral held by the institution's trust department on a pooled basis not in the name of the Township.

Investments – The Township has an arrangement to invest its excess cash with the Pennsylvania Local Government Investment Trust (PLGIT). The market value of the investments approximates cost. The amount invested in PLGIT represents ownership of shares in a trust, which invests solely in allowable investment securities. Because of the nature of this arrangement, it is not possible to categorize the credit risk of the Township's investment in the trust.

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 3 DEPOSITS AND INVESTMENTS (continued)

Custodial Credit Risk – Investments – For an investment, custodial risk is the risk that in the event of the failure of the counterparty, the Township will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. The Township has no investment subject to custodial credit risk.

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment or deposit. The Township has no formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The Township has no investment policy that would limit its investment choices to certain credit ratings. The credit risk of a debt instrument is measured by a NRSRO (Morningstar for bond mutual funds or Moody's for bonds and mortgages). U.S. government obligations are not considered to have credit risk and do not require disclosure of credit risk.

Concentration of Credit Risk – The Township has no investment policy that would limit the amount the Township may invest in one issuer. The Pension Plans and the Trust Plan for post-employment benefits have formal investment policies that address concentration of credit risk prohibiting the investment of more than 5% of net plan assets in a single issuer. Neither of the plans had investments exceeding 5% of the respective plans' fiduciary net positions in any one organization as of December 31, 2023. However, each of the plans were invested in various mutual funds in excess of 5% of the net plan assets as indicated below.

Foreign Currency Risk – Foreign current risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The Township has no formal investment policy that addresses foreign currency risk, however the Township held no investments that were exposed to foreign currency risk as of December 31, 2023.

The following represent the investments that relate to the fiduciary funds and the component unit – Library:

NOTE 4 PROPERTY TAXES / TAXES RECEIVABLE

Property taxes attach as an enforceable lien on property as of March 1 of the following year. Taxes are levied on February 1 and payable in the following periods:

Discount period – February 1 to March 31 – 2% of gross levy

Flat period – April 1 to May 31

Penalty period – June 1 to collection – 10% of gross levy

Taxes are returned to the County for collection after February 28 of the subsequent year.

The following is a detail analysis of current tax revenues on the Balance Sheet:

	<u>ASSESSED VALUATION</u>	<u>TOTAL TAX LEVY</u>
Tax rate in mills	\$ 3,480,396,768	2.450

NOTE 6 INVENTORY AND PREPAID ASSETS

	General Fund	Sewer Fund	Refuse Fund	Paxon Hollow Country Club
Inventory	\$ 20,547	\$ -	\$ -	\$ -
Prepaid expenditures	159,571	21,938	17,719	8,490
Total other current assets	<u>\$ 180,118</u>	<u>\$ 21,938</u>	<u>\$ 17,719</u>	<u>\$ 8,490</u>

NOTE 7 INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund receivables and payables arise from interfund transactions. Principally, these amounts result from operating subsidies or loans. Interfund receivables and payables are eliminated within the government-wide financial statements but are shown on the governmental fund statements. At the balance sheet date, the amount of interfund receivables is equal to the amount of interfund payables as follows:

	<u>Transfer from Other Funds</u>	<u>Transfer to Other Funds</u>
General fund	\$ 1,152,213	\$ -
Paxon Hollow fund	-	300,000
Sewer fund	366,043	-
Refuse fund	76,158	-
ARPA fund	-	1,517,509
Capital projects fund	1,513,490	567,201
Highway aid fund	-	723,194
	<u>\$ 3,107,904</u>	<u>\$ 3,107,904</u>

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system and payments between the funds are made.

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to spend them, (2) use unassigned revenues collected to finance various programs accounted for in other funds pursuant to authorizations. Interfund transfers are made from the sewer and refuse funds and Paxon Hollow Country Club to the general fund for management fees. The highway aid fund makes transfers to the general fund for highway projects.

	<u>Interfund Receivables</u>	<u>Interfund Payables</u>

NOTE 10 OPERATING LEASE OBLIGATION

The Township entered into an operating lease for golf equipment for Paxon Hollow in the amount of \$394,392 beginning January 1, 2020. The payment schedule was for four annual payments beginning in 2020 and ending in 2023 but extended through 2024. For every \$1 Paxon Hollow Golf Club earns in golf cart fees, the Township is obligated to the vendor for \$.30, with a maximum payment of \$99,598 annually inclusive of imputed interest of \$8,728. Schedule of the proprietary funds' operating lease payments as follows:

2024	<u>\$ 99,598</u>
	99,598
Less imputed interest	<u>(8,728)</u>
Right to Use/Obligation	<u>\$ 90,870</u>

NOTE 11 DEFERRED INFLOWS/OUTFLOWS OF RESOURCES

Real estate taxes collected within 60 days of the fiscal year end are recorded as current revenues. The noncurrent portion of real estate taxes is recorded as unavailable taxes on the governmental statements as deferred inflows of resources until such time as they become available. Within the government wide and proprietary fund statements, deferred inflows of resources include deferred revenue on lease receivable, as well as certain pension and OPEB expense deferrals. Deferred outflows on the government wide and proprietary statements include the bond discount net of amortization.

NOTE 12 UNEARNED REVENUE

Unearned revenue consists of funds received by the Township for which the service or project has not yet been performed.

Country club passes and prepayments for golf outings for the 2024 calendar year are reflected as unearned revenue within the Paxon Hollow Fund. Funds received as part of the American Recovery Plan Act (ARPA) had not yet been expended and are shown herein as unearned revenue as well. Other items not yet earned in the General Fund are shown below:

	General Fund	Paxon Hollow Country Club	ARPA Fund	Total
Deposits on outings / gift cards	\$ 10,821	\$ 269,220	\$ -	\$ 280,041

	<u>Balance</u> <u>01/01/23</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>12/31/23</u>
Accrued severance	\$ 71,588	\$ 22,106	\$ -	\$ 93,694

NOTE 14 OTHER POST-EMPLOYMENT BENEFITS (OPEB)

The Township provides post-employment benefits for its Uniformed retirees and dependents.

The measurement date is the Township's fiscal year end of December 31, 2023, and plan assets are measured as of that date. The total OPEB Liability is based on an actuarial valuation as of July 1, 2022, with adjustments for the one-and-one-half year difference including service cost, interest on total OPEB liability and expected benefit payments—also referred to as the rollforward.

Plan description:

The Township's post-employment plan provides healthcare, prescription drug, vision, dental and life insurance benefits, depending on retiree's date of hire and date of retirement, to Uniformed retirees and dependents. All uniformed employees are eligible to retire after reaching a minimum age of 50 (age 52 if hired on or after January 1, 2013) and completing 25 years of service for the Township.

The health insurance plan is a single employer, defined benefit OPEB plan. Insurance coverage includes medical, prescription drug, dental and vision benefits. Eligible uniformed employees and their spouses receive coverage through death at the same level of coverage as when employed. The medical benefits are all administered through Independence Blue Cross. Separate financial statements are not issued for the plan.

Funding policy:

The Township has segregated assets to fund this liability in an OPEB Trust fund. It is the intention of the Township to pay premiums as due and set aside additional funding for the OPEB obligation. The Trust currently holds \$3,169,953. Pursuant to the most recent actuarial evaluation dated July 1, 2022 and rolled forward as noted above, the net post-employment benefit obligation of the Township is \$12,217,199, shown on these financial statements as a long-term liability.

Funding progress:

The covered payroll (annual payroll of active employees covered by the plan) was \$4,083,253; and the ratio of the net OPEB Liability as a percentage of covered payroll was 299.2%.

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 14 OTHER POST-EMPLOYMENT BENEFITS (continued)

The actuarial valuation of an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrences of events far into the future. Examples include assumptions as to current claim costs, projected increases in health care costs, morbidity, turnover, and interest discounts. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revisions as actual results are compared with past expectations and new estimates are made into the future. The schedule of funding progress, presented as required supplemental information following the notes to the financial statements will present current year information about the actuarial value of plan assets relative to the actuarial accrued liabilities for benefits.

Actuarial methods and assumptions:

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical sharing of benefit costs between the employer and plan members to that point. The actual methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actual value of assets, consistent with the long-term perspective of the calculations in the July 1, 2022 actuarial valuation the following actuarial assumptions were used:

Actuarial method	Entry age
Discount rate	6.32%
Amortization method	closed level percentage of payroll
Amortization period	30 years (20 remaining)
Investment return:	7.25%, net of investment expense and including inflation
Healthcare trend:	Ranging from 6% to 4.25%
Mortality:	Healthy: RP 2000 Blue Collar Mortality Table for males and females with static projection to 2027 with Scale BB (50% of these tables apply to pre-retirement deaths)
Disabled:	RP 2000 Disabled Mortality Tables, with static projection to 2027 with Scale BB

Following is a summary of plan membership as of July 1, 2022:

Active participants	26
Retirees and spouses	<u>30</u>
Total participants	<u>56</u>

Annual OPEB cost and net OPEB obligations:

The Township's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the actuarially determined contribution (ADC) which represents the annual cost of the plan on a funding basis. The ADC is the sum of the Normal Cost and the amortization of unfunded actuarial accrued liability. The following table shows the components of the Township's annual OPEB cost for the year, the estimated retiree

**TOWNSHIP OF MARPLE

2026	\$ 57,316
2027	\$ (50,169)
2028	\$ -
Thereafter	\$ -

NOTE 15 DEFINED BENEFIT PENSION PLANS

A. Plan description

The Township contributes to two public employee retirement systems (PERS), one for its uniformed employees and one for non-uniformed employees. Both are single employer PERS, administered by the Township. Both plans are defined benefit pension plans. The Township has a portion of the Non-Uniform Plan remaining from a former defined contribution Plan. The Police Pension Plan covers all full-time uniformed employees. The Non-Uniform Plan covers all full-time non-uniformed employees.

Additionally, the Township had previously a Defined Contribution Plan for Municipal Employees. The Plan is inactive and the investments are managed by the Township.

In 2020 the Non-Uniform Plan was revised as noted below. Further, the Defined Benefit plan has been frozen to new entrants as of December 31, 2019. Employees hired subsequent to that date will be eligible to participate in a Defined Contribution Plan with benefits based on a 3 percent annual employer contribution based on employee's

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 15 DEFINED BENEFIT PENSION PLANS (continued)

annual wages with vesting after five years of service. Employees will not be required to contribute to the Plan. However, all employees will have the option to contribute to the Township's 457 Plan.

Pension plans financial statements are prepared using the accrual basis of accounting. Employees' and employer contributions are recognized as revenues in the period in which employee services are performed. Pension plan equity securities are reported at market value. Fixed income securities are reported at market value. Investment income is recognized as earned. Gains and losses on sales and exchanges of fixed-income securities are recognized on the transaction date. The Board of Commissioners has delegated the management of each of the active Plan assets to CBIZ-InR Advisory Services, Inc.

Basic Provisions

Police:

Members may retire upon reaching age 50 and 25 years of service; or if hired on or after January 1, 2013, age 52 and 25 years of service. Early retirement may occur after 20 years of service; vesting occurs after completion of 12 years of vesting service.

Retirement benefit is equal to 50% of the average monthly compensation averaged over the last 36 months, plus an additional service increment of \$100 per month for each completed year in excess of 26 years, to a maximum of \$500. Survivor benefit is available at 50% of pension if a member is retired or eligible for retirement. Disability benefit if service related is the greater of 70% of average applicable compensation offset by social security or 50% of the member's salary at the time of the disability offset by the amount of social security benefits for the same injury.

Members contributions are 5% of pay for those members hired before July 1, 2010 and 6% of pay for those hired on or subsequent to July 1, 2010. Interest is credited to members' contributions at the rate of 3%.

In 2022, the Township implemented an Act 44 Deferred Retirement Option Plan (DROP), with a maximum participation of thirty-six months. Police officers who reach normal retirement date shall be eligible. With this program, the electing officer's continuous service will remain as it existed at commencement of the participation. The monthly benefit amounts that would have been payable had the Officer had elected to cease employment shall be paid into the Officer's DROP program account to be invested pursuant to the applicable law. Upon separation from employment, the participant shall receive the balance of his program account or paid or rolled over as applicable to an eligible retirement account.

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 15 DEFINED BENEFIT PENSION PLANS (continued)

Non-Uniform:

Normal retirement for this plan is age 65 and completion of 10 years of service. Early retirement is at 62 and 10 years of service. Vesting in the plan is 10% per year and 100% after 10 years. The retirement benefit consists of 35% of 36-month average monthly compensation. Survivor benefits consist of actuarial equivalent benefits; disability benefit service and non-service-related disability benefits consist of 35% of 36 months average compensation. Members' contributions are 3% with interest credited to the member's account at a rate of 3%. As noted above, the plan was amended in 2020.

Membership contribution to the plan increased in 2021 to 5% of gross salary. Effective also in 2021, the Defined Benefit plan formula is calculated on 2% of the average monthly compensation (based on the final 36 months preceding retirement) at a maximum of 60% of the members compensation. For employees retiring on or after January 1, 2020, the retirement benefits will be calculated (as needed) based on the current plan formula and the newly adopted benefit formula and the employee will receive the higher of the two calculations.

General Information:

The Township received \$716,830 in Commonwealth funds on behalf of the plans in 2023, pursuant to Act 205 of 1984, the Municipal Pension Plan Funding Standard and Recovery Act distributed as follows:

	Commonwealth Aid	Township Contribution	Minimum Municipal Obligation
Uniform	\$ 349,673	\$ 1,553,933	\$ 1,903,606
Non-uniform	367,157	233,823	600,980
Total	<u>\$ 716,830</u>	<u>\$ 1,787,756</u>	<u>\$ 2,504,586</u>

Further, the Township was not required to contribute to its non-uniform inactive defined contribution plan for the period; but was required to contribute \$30,601 to its Defined Contribution Pension Plan.

Pension expense within the general fund recognized for the period was:

<u>Police Pension Plan</u>	<u>Non-Uniform Pension Plan</u>	<u>Total Net Pension Liability</u>
\$ 1,903,624	\$ 633,000	\$ 2,536,624

Allocation of the pension expense within the government-wide statements is as follows:

<u>Governmental Activities</u>	<u>Business-type Activities</u>	<u>Total Pension Liability</u>
\$ 1,571,682	\$ (129,335)	\$ 1,442,347

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 15 DEFINED BENEFIT PENSION PLANS (continued)

Plan membership as of the latest actuarial valuation reports for each plan is as follows:

	Police	Non-Uniform	Defined Contribution
Inactive Plan Members currently receiving benefits	44	23	-
Inactive Plan Members entitled to but not receiving benefits	-	5	-
Active Plan members	<u>32</u>	<u>51</u>	<u>14</u>
	<u>76</u>	<u>79</u>	<u>14</u>

Active membership of each plan contributed as follows for 2023:

Police	\$267,442
Non-Uniform	\$ 166,207

Total covered payroll for the non-uniform employees' participants was \$3,304,879; annual covered payroll of the Police members totaled \$3,996,656.

Projected funding requirements for the 2024 plans based on actuarial computations of minimum municipal obligations are as follows:

Police	\$ 2,060,971
Non Uniform	596,584
Defined Contribution	<u>34,350</u>
	<u>\$ 2,691,905</u>

A significant portion of this amount is expected to be received from the General Municipal Pension System pursuant to Act 205.

Net Pension Liability of the Township

Total net pension liability of the Township is as follows at December 31, 2023:

Police Pension Plan	Non-Uniform Pension Plan	Total Net Pension Liability
\$ 11,585,375	\$ 2,447,349	\$ 14,032,724

Police

The components of the net pension liability of the Township at December 31, 2023 were as follows:

Total Pension Liability	\$ 33,073,775
Plan fiduciary net position	<u>(21,488,400)</u>
Net pension liability	<u>\$ 11,585,375</u>

Plan fiduciary net position as a percentage of the total pension liability: 64.97%

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 15 DEFINED BENEFIT PENSION PLANS (continued)

Actuarial assumptions

The total pension liability was determined by an actuarial valuation as of January 1, 2023 (with a measurement date of December 31, 2023) using the following actuarial assumptions applied to all periods in the measurement:

Inflation	3.00%
Salary increases	3.50%
Investment rate of return	7.25% per annum, net of investment expense an inclusive of inflation

Mortality rates were based on the RP-2000 Blue Collar Tables projected to 2027 with Projection Scale BB, with 50% adjustment for active employees and a five-year set forward for disabled members.

Long term expected rate of return

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) were developed for each asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by target asset allocation percentage and adding expected inflation. The long term *expected real* rate of return including inflation is 7.25%

Discount rate

The discount rate used to measure the total pension liability was 7.25% per year. The Plan's fiduciary net position is projected to be sufficient to make projected benefit payments of current Plan members. The Plan's long-term returns may be less than its actuarial discount rate assumption used to determine its pension liability, however. This may result in future increased total and net pension liability.

Sensitivity of the net pension liability to changes in the discount rate

Following presents the net pension liability of the Township if calculated using different discount rates as presented by actuarial determination (unaudited):

	1% Decrease 6.25%	Current Rate 7.25%	1% Increase 8.25%
Net pension liability	\$14,902,578	\$11,585,375	\$8,759,702

NOTE 15 DEFINED BENEFIT PENSION PLANS (continued)

At December 31, 2023, The Township reported deferred outflows of resources and deferred inflows of resources related to the police pension as follows:

	<i>Deferred Outflows of Resources</i>	<i>Deferred Inflows of Resources</i>
Difference between expected and actual experience	\$ 1,875,126	\$ 472,808
Changes in assumptions	-	-
Net difference between projected and actual investment earnings	961,868	-
Changes in proportions	-	-
Contributions subsequent to measurement date	-	-
	<u>\$ 2,836,994</u>	<u>\$ 472,808</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the Police Pension will be recognized in the Township's pension expense as follows:

Year ended December 31:

2024	\$ 412,255
2025	\$ 660,852
2026	\$ 885,496
2027	\$ 30,557
2028	\$ 375,026
Thereafter	\$ -

Non-Uniform

The Plan Fiduciary net position includes \$28,286 pertaining to the aforementioned prior defined contribution plan. The components of the net pension liability of the Township at December 31, 2023 were as follows:

Total Pension Liability	\$ 12,587,369
Plan fiduciary net position	<u>(10,140,020)</u>
Net pension liability	<u>\$ 2,447,349</u>

Plan fiduciary net position as percentage of the total pension liability: 80.56%

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 15 DEFINED BENEFIT PENSION PLANS (continued)

Actuarial assumptions

The total pension liability was determined by an actuarial valuation as of January 1, 2021 (updated through roll forward procedures through the measurement date of December 31, 2022) using the following actuarial assumptions applied to all periods in the measurement:

Inflation	3.00%
Salary increases	3.50%
Investment rate of return	7.25% per annum, net of investment expense and inclusive of inflation

Mortality rates were based on the RP-2000 Blue Collar Tables, projected to 2027 with Scale BB, with 50% adjustment for active employees and a five-year set forward for disabled members.

Long term expected rate of return

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate of expected future real rates (net of pension plan investment expense and inflation) were developed for each asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by target asset allocation percentage and adding expected inflation. The long term *expected real* rate of return including inflation is 7.25%

Discount rate

The discount rate used to measure the total pension liability was 7.25% per year. The Plan's fiduciary net position is projected to be sufficient to make projected benefit payments of current Plan members. The Plan's long-term returns may be less than its actuarial discount rate assumption used to determine its pension liability, however. This may result in future increased total and net pension liability.

Sensitivity of the net pension liability to changes in the discount rate

Following presents the net pension liability of the Township if calculated using different discount rates as presented by actuarial determination (unaudited):

	1% Decrease 6.25%	Current Rate 7.25%	1% Increase 8.25%
Net pension liability	\$3,900,037	\$2,447,349	\$1,146,369

NOTE 15 DEFINED BENEFIT PENSION PLANS (continued)

For the year ended December 31, 2022, the Township recognized pension expense in its government wide statements for the Non-Uniform pension allocated among the Governmental Activities and the Proprietary Funds activities. At December 31, 2023, The Township reported deferred outflows of resources and deferred inflows of resources related to the non-uniform pension as follows:

	<i>Deferred Outflows of Resources</i>	<i>Deferred Inflows of Resources</i>
Difference between expected and actual experience	\$ -	\$ 911,000
Changes in assumptions	-	34,693
Net difference between projected and actual investment earnings	376,156	-
Changes in proportions	-	-
Contributions subsequent to measurement date	-	-
	<u>\$ 376,156</u>	<u>\$ 945,693</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the Non-Uniform Pension Plan will be recognized in the Township's pension expense as follows:

Year ended December 31:

2024	\$	(125,051)
2025	\$	(2,897)
2026	\$	91,815
2027	\$	(320,400)
2028	\$	(158,591)
Thereafter	\$	(54,413)

The Defined Contribution Plan established in 2020 currently has 14 active plan participants. The Township contributes for each eligible participant 3% of compensation. Participants are not required to contribute to the plan. Participants are credited annually with the prorate share of investment earnings or losses of the Plan. Requisite 2023 minimum municipal obligation was \$30,601. Net position of the Plan at December 31, 2023 was \$60,481.

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 16 AUTHORITY PAYMENTS

A. Under a supplemental agreement with Central Delaware County Authority, dated August 17, 1960, the Township is responsible for its share of operating expenses and its share of service charges for rental of sewerage improvements. Operating expenses are allocated to member governments based principally on the proportionate share of total dwelling units and are payable quarterly. The total cost charged to the Township in 2023 was \$1,474,556.

B. Under an agreement with Radnor-Haverford-Marple Sewer Authority dated June 1, 1968, the Township is responsible for its share of operating and debt service expenses based upon metered sewerage discharged by the Township into the Sewer Authority facilities. The total cost charged to the Township in 2023 was \$2,207,528.

NOTE 17 LEASES

The Township entered into a lease agreement with the Foster Group Partnership LLC for use of the Paxon Hollow Clubhouse facility. The agreement was originally for a term of five years beginning February 2013 with two additional five-year option terms. The first option for an additional five-year and one month ending January 31, 2028 option term was exercised, and is remaining as follows:

<u>Year ending</u>	<u>Monthly Rent</u>	<u>Annual Rent</u>
12/31/24	\$ 22,332	\$ 267,984
12/31/25	23,002	276,024
12/31/26	23,693	284,316
12/31/27	24,403	292,836
12/31/28	25,135	25,135
	<u>\$ 118,565</u>	<u>\$ 1,146,295</u>

The Township received \$267,313 this period in rent.

The Township further holds a memorandum of understanding with the Paxon Hollow golf professional for use of the Golf Pro Shop for private sale of golf related merchandise as well as for the use of the practice range for private lessons for an annual fee of \$6,000. The provisions of this agreement continue until such time as the memorandum of understanding is terminated by the Board of Commissioners or the golf professional; or such time that the memorandum of understanding is modified by agreement of both parties or should the golf professional be terminated from his position with the Township.

**TOWNSHIP OF MARPLE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 18 RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; injuries to employees and others; and natural disasters. The Township carries commercial insurance for such risks. There has been no significant reduction in insurance coverage from the previous year in any of the Township's policy coverage. Settled claims resulting from these risks have not exceeded commercial insurance in the past three years.

NOTE 19 CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally federal or state government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Township expects such amounts, if any, to be immaterial.

NOTE 20 SUBSEQUENT EVENTS

The Township has evaluated subsequent events through December 1, 2024, which represents the date the financial statements were available to be issued.

Township of Marple
Broomall, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the Township of Marple, Broomall, Pennsylvania, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Township of Marple, Broomall, Pennsylvania's basic financial statements and have issued our report thereon dated December 1, 2024.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township of Marple's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of Marple Township's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township of Marple's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
